To be Completed by Divorced or Divorcing Parent(s) Seeking Treatment for Child

## Custody Dispute Contract

Child's Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_

The purpose of this contract is to obtain written agreement that the psychotherapist, Beverly J. Newman, will not be asked to participate in litigation regarding any custody or access disputes. If Beverly Newman is asked to participate in any litigation, Beverly Newman's neutral role with the family may be compromised. This is likely to jeopardize any serious progress that may have been made in therapy, to hinder the likelihood of further progress, and possibly to limit the client's willingness to seek help from a psychotherapist at any later time in his/her life. In order to prevent these problems or other potential problems, it is crucial that Beverly Newman, the parents, and the client have every reassurance that there will be absolutely no involvement on Beverly Newman's part in any current or future litigation between parents. This is best accomplished by both parents signing this agreement:

We wish to enlist Beverly J. Newman, MA, LPC, NCC, LSSP, RPT in treatment of our child,

---

We understand that such treatment will be compromised if information revealed therein is brought to the attention of the court in the course of a custody dispute. Accordingly, we mutually pledge that we will neither individually nor jointly involve Beverly Newman in any litigation whatsoever. We will neither request nor require Beverly Newman to turn over her notes to the court or any attorneys or other personnel involved in any custody dispute process. If the services of a mental health professional are desired for court purposes, the services of a person other than Beverly Newman must be enlisted.
